T5E

The T5 E vegetable peeler is designed for kitchens where vegetables are prepared to guarantee the customer enjoys their freshness, whether they are served raw or cooked.

Peelers

FEATURES

- Simple to use and risk free.
- The T5 E can be placed on a work top.
- Easy to clean thanks to the removable parts that are dishwasher safe.
- Removable peeling chamber and peeling plate.
- Vegetables can be loaded directly into the peeling chamber, away from the machine.
- Stainless steel peeling chamber contains the abrasive plate which also serves as a container for carrying the vegetables. This assembly fits easily onto the base, with the drive shaft fitting into the centre of the plate.
- Cover equipped with a water inlet closes the cylinder during the peeling operations.
- Optional spinning basket.

- Integrated filter device.
- Timer: the peeling time is pre-set to 3', which is the average time required for 5 kg potatoes.
- Water supply designed to serve as a spray for cleaning the machine; the spray unit simply clips onto the cover.
- The electronic controls and the motor of the peeler have IP55 protection.
- Special version for mussels with a stainless steel proper plate.

Specifications
